This new series is purely a zombie war series, so if you are a zombie killer fan, then this game is definitely for you. Comparing it to the previous PC Ops zombie Apk, this one has some new animations and graphics that are going to make the zombie attack more realistic and exciting. Next to the features of the game Call of Duty World At War zombie Apk was presented with new hd graphics (which are going to work very well on the big screen). The game has been introduced with some new levels and tools that will make fighting and killing zombies easier. Secondly, it has been done a little harder than the previous one, so will be able to enjoy the game for a long time. Speaking of tools and weapons, many have been imported from previous COD ops zombies, but some new ones have been introduced too. Some special weapons and tools have also been added, but that will only be available once you have reached a certain level in the game. The amazing features of the game are as follows: New weapons and tools to give hard hard zombies, killing them with a stampede and defending themselves from their monstrous attacks. Recent animations and HD graphics have been added that are going to make it more realistic and exciting. The zombies have also been updated, now they have more defense and will attack with their full force. With each level rise you will face a new zombie with a new and unique quality, so this time the game is more dangerous and complex. Points and coins are still there and you will have to earn them to unlock various tools and upgrade your level. Highly recommended for devices with a large screen, but it is also compatible with the low screen sizes of Android devices. Regular updates and a quick response to errors and errors. Errors.
